A message from your Coordinator

Hi Parents,

Welcome to the Antonine College. Hope you all are safe and have been enjoying the coming winters with the ease in restrictions.

Our Children at Antonine College have been busy having mix of indoor and outdoor experiences. These experiences are based on children's interest. At one side children have been using their imagination and cognitive skills in making magnetic block dominos, spray painting their own beach towels and on the other hand they use their measuring and calculation skills in making pancakes and cupcakes. Our craft table is full of activities including quilling art, making hockey sticks with pop sticks etc. As we celebrated our sports week, children enjoyed egg and spoon race, sack race, volley ball, soccer etc. in outdoor areas.

We have our Big Art week going on where children are having their hands on experience in different art activities. I will be sharing their pictures in our upcoming newsletter.

So why not register by visiting our website for our fun filled OSHC Program. Unfortunately, because of low booking numbers we will not be operating upcoming Rocketeers on site. Please login on www.campaustralia.com.au to find out your nearest Rocketeer program.

Manisha Kaushik, Coordinator
